Tourney Rules

*This is only for anyone fishing in Wisconsin.

* Artificial Lures Only

* Kayak needs to be visible in picture

* PFD must be worn at all time (Picture shown with angler not wearing their PFD will result of the fish being disqualify.)

*You can fish wherever you are "Allowed" No private waters no trespassing.

* Large mouth and Small mouth bass

Two allow measuring boards

- a. Hawg Trough Measuring board
 - b. Ketch Measuring board
 - c. All line must be mark with a marker so we are able to see the length, if there are no line, we will go with the length that we think we see
2. When taking a picture of your fish (View picture below for example)
- a. The fish head must be facing left and the tail to the right
 - b. The fish should not be upside down
 - c. Mouth must be fully close (having the fish mouth open could result of deduction of the length)
 - d. Do not cover the fish's eye
 - e. If you are taking a picture of a fish at an angle and we can not determine if the fish mouth is open and/or touching the board it will result in an automatically DQ of that fish
 - f. If mouth is open more than a 1/4, 1-inch deduction will be occurred.
-
- g. Your identifier must be shown in all the fish submitted, not being able to read the code will result of an automatic DQ of the fish.
 - h. The tail of the fish may be pinch
 - i. This is a kayak tournament only no canoe or other watercraft, part of the kayak must be visible within the picture

May 4th – 19th Rules

Figure 1 Acceptable 1. identifier and code are visible, mouth is fully close, fish if facing left tail is to the right

Figure 2 Not acceptable identifier is shown but code is not viewable

3. Identifier

- a. The identifier will be available on tourneyX website, it'll be available the day before the tournament. **It is required for you to print it out** and have it shown **clearly** on each photo you take
- b. TourneyX provides you with a tourney code that you will need to write it on the identifier. No writing on hands or other piece of paper
- c. Both the identifier and the unique code from tourneyX needs to be visible and easily readable. Not being able to see the code will result of an automatically DQ of the fish.
